Numeracy Strategies	5 interwoven Numeracy Strands to be covered across the year. The integrated enquiry teaching and learning experiences will involve numeracy activities that may cover more than one strand in the term.									
Enquiry Teaching and Learning	Integrated Enquiry Teaching & Learning Experiences with the other learning areas, e.g. Numeracy, Language, Creative Art & Craft, Gourmet Moments, Music & Movement, etc.									
ENRICHMENT	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10
Gourmet Moments	Gourmet Moments are planned in view of the Integrated Enquiry Teaching & Learning Experiences. The Gourmet Moments activities will involve various multisensory learning experiences by incorporating sensory language and other aspects.									

Notes:

- 1) **Enquiry Teaching and Learning:** Experiences will vary based on Champs' prior understanding/knowledge and interest (what they want to know).
- 2) There are 5 interwoven strands of knowledge in the **Numeracy Strategies: Patterns and Function; Numbers; Shapes and Space; Measurement and Data Handling.**
- 3) Teachers will provide you with a more detailed summary in the **Curriculum Updates.**
